

The Bartizan of God's Kingdom That Fulfills the Eternal Answer (Ac 1:1, 3, 8)

1. The 237 nations are advancing economically, yet this progress is only material. Mental disorders, depression, suicide, drug addiction are rapidly increasing, and many are giving up on life. In the 5000 tribes, countless souls suffer without shoes or clean water, waiting in the midst of disease.
2. We must raise up those who remain, pilgrims, conquerors, the scattered ones, watchmen and spies throughout the world. For this, God has given us the seven Bartizans, prepared the seven Journeys for us to walk, and established the seven Guideposts for us to succeed.
3. The churches of the world, including ourselves, are doing other things. We are fixated on the things of people, on "my" situation, "my" level and "my" assertions. This is why the churches of the world are closing. In 2026, we must absolutely raise the Bartizan of God's Kingdom within us. This is because we have the mission and blessing to go on the journey and raise the guideposts.

I invite all believers to enter into this blessing.
